

Online Job Application: General Terms and Conditions (GTC) and Data Protection Provisions

Why collect data?

If you apply online for a job at CAMION TRANSPORT Ltd, you need to provide us with your personal details. We will treat your details confidentially. The data you supply will be used solely for selection purposes, which means that, within our company, they are disclosed to such persons who deal with the actual application procedure.

Application information

By submitting a formal application, you assure that the information provided by you is true. Please note that any information that is false or withheld will be a reason for rejecting your application or may lead to dismissal at a later date. Your online application is formally valid without a signature.

Data collection

Only such information is collected that is required for the application procedure. It includes, inter alia, personal data (name, address, e-mail address) and the application documents.

The submitted data will be temporarily stored on the server for 30 days for the purpose of further processing. Unless otherwise agreed, the submitted application documents will be deleted 9 months following a negative reply.

After you have sent us an online job application, you will receive an e-mail confirmation of receipt. Should you not receive this e-mail, please check your spam folder. Your data will not be stored anonymously.

Security

The security of your data is very important to us. We therefore work with physical, electronic and administrative processes to protect the collected information.

Amendments

We reserve the right to adapt these data protection provisions that apply to the online application to technical and/or statutory requirements whenever necessary. In addition, we would like to point out our general data protection provisions for our website.

This translation is for informational purposes only and is not a legally binding document. The original provisions are set out in the original version in German.
